

Kampi Components

**Serving
Government
and O.E.M.**

Performance:

Kampi Components is one of the largest suppliers of the most diverse array of genuine O.E.M. replacement spare parts in the government procurement system.

- **Kampi is fully E.D.I. capable and directly on line with all three major Defense Logistic Agencies (DLA) buying activities as well as other Government buying entities (military bases, depots, shipyards, etc.).**
- **Kampi's on-time delivery rate is well above the industry average and viewed most favorably by our Government customers.**
- **We are able to identify and supply most NSN's, cage codes and manufacturer's part numbers.**
- **We accept all types of credit cards and electronic commerce transactions used by the U.S. Government as well as manufacturers and O.E.M's.**
- **We distribute materials from all industries including, but not limited to, the aerospace, electronic, marine, automotive, heavy vehicle and hardware sectors.**
- **Kampi is active in all types of long term contracting vehicles including Indefinite Quantity Contracts (IQC) and other tailored support programs with all three Defense Logistic Agencies.**
- **Stocking distributor for many military commodities purchased by the US Government to be delivered on a "just in time" basis.**

Quality:

Kampi Components is committed to meeting the Government's stringent quality standards and making on-time delivery one of its highest priorities.

- "In-house" preservation and mil-spec packaging specialists.
- In-house quality system is in strict conformance with the requirements of MIL-I-45208 and approved by Defense Contract Management Agency (DCMA) Philadelphia.
- Automated Best Value System (ABVS) quality rating of 99.9% is ranked among the highest in the industry.
- We have a resident Government Quality Assurance Representative (QAR) to facilitate the flow of material to the end user.
- To ensure the products are adequately protected in transit and in storage, as well as being easily identifiable to the end users, our trained packaging specialists attend the various military packaging and quality seminars to stay current with the ever-changing specifications developed by the Department of Defense.
- Compliant with applicable requirements for packaging and shipping hazardous materials (HAZMAT), including having a certified HAZMAT specialist on premises.

Integrity:

Our distinguished reputation is backed by a company dedicated to the highest level of customer service and support.

- Established in 1985, Kampi Components is classified as a "certified small business" distributor by the Government, providing unparalleled value per contracting dollar.
- We are an authorized distributor/dealer for hundreds of OEM's and manufacturers.
- Kampi Components is committed to supplying the Government's warfighter with the highest quality replacement spare parts and equipment.
- Kampi Components has been the recipient of many prestigious Government issued awards.
- We are a proud participant in the Federal Supply Chain Alliance.
- Our interactive website, www.kampi.com, offers effective business solutions using e-commerce for our Government customers.

Kampi Components Co., Inc.

Kampi Components is a full service distributor of genuine O.E.M. replacement spare parts. We specialize in high volume preservation, packaging, and distribution of spare replacement parts to the Department of Defense. The products we distribute are used throughout the United States Military. Some applications are in high performance aircraft, naval ships, NASA satellite/rocket spacecraft programs, and in key ground support systems and equipment.

Since 1985, we have been establishing a reputation for excellence through an unwavering commitment to both our vendors and Government customers. We offer the most comprehensive and competitive value added services in the Government market and lead the industry in distributing the most diverse array of spare replacement parts to America's armed forces.

Kampi is firmly entrenched as a supplier and stocking distributor for many military commodities and Federal Supply Classes (FSC) purchased by the U.S. Government. We provide the necessary services and logistical support to all major United States Military buying activities. We support both short and long term supply initiatives currently being used by the Department of Defense.

Our mission is to be the best supplier in the world as measured by associates, customers, and suppliers. All of our employees stand behind the company's level of commitment and strive everyday to ensure our customer's best interest.
